

# HEPA AIR PURIFIER HCFM-1

MADE IN CANADA 

Best-in-class HEPA Air Purifier is the ideal portable air quality solution for commercial spaces. Featuring an industry-leading HEPA filter removing 99.97% particles at 0.3 microns and a pleated activated carbon filter to absorb unwanted odours, gasses, or chemicals.

## KEY FEATURES

### 99.97% Capture of Particulates

Scientifically proven and third-party tested to capture harmful particles, airborne viruses, and bacteria.

### 1,400 square feet area coverage

Combining high-power fan speeds and medical-grade filtration to clean the air in small-large indoor settings.

### Mobile, sleek, and quiet

Plug and play solution, operating at a soft-moderate noise level with locking casters for ease of storage and mobility.

### Reduce staff and client anxiety

Creating a clean air environment provides a sense of peace of mind by investing in their protection and safety.

### Increase productivity and mental energy

Good indoor air quality is scientifically proven to have significant positive impacts on cognitive function, especially improving productivity levels

# HEPA AIR PURIFIER HCFM-1

MADE IN CANADA 

## KEY FEATURES

**360° AIR OUTTAKE**  
Draws untreated air from all areas of the room continuously.

**ROBUST INDUSTRIAL DESIGN**  
Powder-coated with easy to clean, non-toxic, durable protective finish

**360° AIR INTAKE**  
Draws untreated air from all areas of the room continuously.

**PORTABLE AND MOBILE**  
Lockable castors that are smooth and quiet for ease of storage and mobility.

**ACTIVATED CARBON FILTER**  
Absorption of odours, gasses and chemicals found in smoke.

**HEPA (~A CUBIC FOOT)**  
Industry-leading True HEPA filter removing 99.97% at 0.3 microns in size.

**POWERFUL FAN**  
Pulling pre-filtered air from below and pushing through HEPA filter.

**MERV-8 PREFILTER**  
Removes large particles such as dust, dirt, and debris.

## VARIABLE SPEED/SOUND PERFORMANCE RATING

Room Size	Air Changes	CFM Required	Decibel Reading	Ambient dBA
<b>PERSONAL OFFICE</b> 88 sq. ft. (836 cu. ft.)	5.6	78	45	
	10	139	55	42
	20	533	69.5	
<b>MULTI-PERSON OFFICE</b> 425 sq. ft. (3999 cu. ft.)	2	133	45	
	4	267	50.5	42
	6	400	55	
<b>COMMON AREA</b> 1,500 sq. ft. (15,000 cu. ft.)	1.86	465	60	
	2.13	533	62	42

\*Measurements taken 6ft from source  
RECORDING ROOM SIZE: 3,869ft<sup>3</sup> (22ft. x 19ft. x 9ft.)
