

# EnviroKlenz® Wall Mounted Air System

The EnviroKlenz® Wall Mount Air System safely and effectively combines advanced chemistry technology to capture and destroy airborne toxic and noxious gasses, particulates, allergens, bacteria, viruses, and other allergy triggers. Effectively treat large open areas up to 2000 square feet with the touch of a button on your handheld remote.

## Technical Specifications:

- Model Number:** ED327-0280-0EK
- Price:** \$1,899.00
- Square Foot Coverage:** 2,000
- Average ceiling height (ft):** 10
- # of Air Changes per hour provided:** 4
- Power Requirements:** 115V/60Hz/ 2 amp
- CFM:** 550
- Decibels:**
  - Whisper Mode: 52
  - Low: 54
  - Medium: 56
  - High: 60
- Dimensions:**  
Width: 40" x Depth: 20" x Height: 20"
- Weight:** 40lbs

## Third-Party Tested and Validated:

Microbiological testing performed by a third-party, Intertek Labs:

- Virus** (*Phi-X174* - 0.025 microns in size) - **99.9%** removal rate
- Gram-negative bacteria** (*E. coli*) - **99.9%** removal rate
- Gram-positive bacteria** (*Staphylococcus epidermidis*) - **99.9 %** removal rate

## Additional Information:

- EnviroKlenz® Combo-All-in-One HEPA-Cartridge: effective against toxic or noxious odors, chemicals, and pathogens through our proprietary "Adsorptive Neutralization" process.
- 5 speed from quiet-mode to high
- Remote control operations
- Digital display with filter change out indicator

## Applications:

- Home
- School
- Dentistry
- Conference Halls
- Office Space
- Medical Centers
- Machine Shops
- Gymnasiums
