

EnviroKlenz® Air System Plus

The EnviroKlenz® Air System Plus is the premier air-purifying solution. It includes the same innovation as the original EnviroKlenz® Air System but has the added feature of UVC bulbs to provide additional germicidal irradiation and internal system cleaning.

Technology Overview

The EnviroKlenz® Technology is a safe and effective technology that utilizes safe earth minerals to capture and destroy airborne toxic and noxious gasses, particulates, allergens, bacteria, viruses, and other allergy triggers.

The patented EnviroKlenz® earth mineral technology was developed over the course of two decades by research scientists and originally designed for and still used today by the US military to destroy chemical warfare agents and toxic industrial chemicals.

Tested and validated by Intertek Labs, a nationally recognized testing laboratory, as a System against:

- **Virus** (*Phi-X174* - **0.025 microns** in size) - **99.9%** removal rate
- **Gram-negative bacteria** (*E. coli*) - **99.9%** removal rate
- **Gram-positive bacteria** (*Staphylococcus epidermidis*) - **99.9 %** removal rate

**Note- this data reflects the results of the EnviroKlenz® Air System Plus tested with all components installed, as well as the EnviroKlenz® Air System Plus with only the EnviroKlenz® Air Cartridge installed*

Technical Specifications:

Model Number: ED327-0255-0EK

Price: \$799

Square Foot Coverage: 1,000

Power Requirements: 115V/60Hz/ 1 amp

Rated Air Flow of Fan (for each speed):
85CFM, 150CFM, 200CFM, 250CFM

Decibels:

- Whisper Mode: 54dB
- Low: 56dB
- Medium: 59dB
- High: 62dB

Dimensions:

Depth:15.5" x Width: 15" x Height: 22"

Weight: 40lbs

Primary Filtration: EnviroKlenz® Technology

Secondary Filtration:

Medical-grade HEPA

(2) 9w Germicidal UVC Bulbs

Applications:

- Home
- Office Space
- School
- Medical Centers
- Dentistry
