

## Meets or Exceeds ASHRAE and CDC Recommendations

### Customizable/Accessories

The KleanseAIR HO can also be customized to include:

- Security cable to keep stationary
- GFI Protection
- Wireless monitoring
- Lockable control panel
- Pencil/debris guards
- Custom Enclosure Colors

### Multi-Stage Protection

Stage 1 – Pre-filter large particles using MERV 8 pre-filter protects HEPA media while removing lint, reduce/remove pollen, and dust. Optional sodium bi-carbonate or carbon filter available to reduce odors, smoke, and other VOCs.

Stage 2 – Filter removes > 99.97% of particles down to 0.3 microns and larger such as viruses, atmospheric dust, mites, pollen, mold, spores, fungi, bacteria, pet dander, smoke, and more.

# KleanseAIR HO

(HEPA ONLY)

The smallest, most economical and powerful HEPA Air Purifier for Institutions

Dimensions: 16"L x 16"W x 16"H

Weight: 38 lbs

Input Voltage: 115V/60Hz

MOP: 1.1A

CADR: 300

Speed Control: 3-Speed Fan

Noise Level: 42-58Db

Filtration: Certified H13 HEPA / MERV 8 Pre-filter

Filter Change Rate: HEPA 2 yrs<sup>1</sup> / Pre-Filter Six months<sup>1</sup>

Air Changes/HR for 600 sq ft room at max speed: 3.8<sup>2</sup>

The KleanseAIR HO's unique design makes it the most powerful, economical, customizable, commercial-grade portable air purifying solution on the market.

Its price makes it economically feasible to address several areas of your facility at once.

Some of the key features that make the KleanseAIR HO unique are:

- Deep Medical Grade H13 HEPA (certified) that lasts up to three years of normal "institutional" use
- 100% Serviceable to maximize investment
- Durable steel construction with heavy duty, lockable caster wheels
- Commercial-grade components
- Lower cost consumables (30-50% less than competitive models)
- Lifetime warranty\*

### DEEP HEPA H13 Filtration

- 4" Deep High-grade HEPA 99.97% Metal Frame Mini-Pleated Filter
- Up to two-year lifespan<sup>1</sup>
- 70 square feet of micro-pleated media
- The "gold" standard in HEPA filter durability

### Efficient Commercial-Grade Centrifugal Fan

- UL Listed
- 80,000/hr. lifespan
- 520 CFM capable
- 18,000 cu.ft. filtered air/hr

### MERV 8 Pre-Filter

- Inexpensive HEPA protection
- Extends life of HEPA filter
- Available in odor control

**GallatinAIR**

**(855) 250-2400**

\* Lifetime warranty on enclosure manufacturing defects, 3 years on component defects

<sup>1</sup> Filter life depends on the specific environment unit is installed

<sup>2</sup> Under laboratory conditions with no obstructions
