

TRIO

UVC, Multi-Stage Filtration, & PRO-Cell™ Technology Portable Air Purifier

PROTECT YOUR FAMILY'S HEALTH WITH FRESH, CLEAN & PURE™ AIR

The TRIO air purifier combines high intensity UVC light, multi-stage filtration, and PRO-Cell™ technology into one powerful and portable air purifier. The Trio portable air purifier offers an additional layer of protection in shared living spaces, nurseries, bedrooms, classrooms, dorm rooms, offices, day care facilities, and any space that needs extra indoor air protection. Trio helps you gain confidence in the air you breathe.

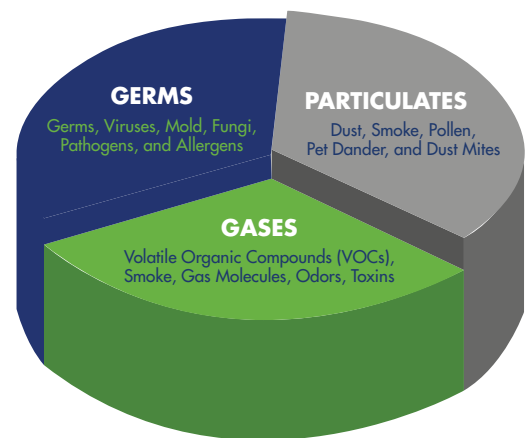

- **Three Stages of Filtration**
 - Adsorbs gases and traps particulates

- **High intensity UVC Lamp**
 - Reduces airborne mold, bacteria, and viruses

- **Patented PRO-Cell™ Technology**
 - Transforms odors and VOCs into fresh, breathable air

- **VOC Sensor Equipped**
 - Automatically increases the fan speed when harmful gases are present

Consistent with ASHRAE and CDC guidance for addressing Airborne Viruses - High Efficiency Filtration and UV-C Air Treatment

TRIO PORTABLE INDOOR AIR PROTECTION

Technology Counts, Count on TRIO

The Trio includes four stages of filtration to ensure indoor air is FRESH, CLEAN & PURE™. The pre-filter collects particles as small as 5.0 microns, while two layers of activated carbon filters remove odors and VOCs. The final stage of filtration is high grade media filter that traps microscopic particles as small as 0.3 microns such as dust, dander, and pollen. As air exits the Trio, it passes the high intensity UVC Lamp and through the patented PRO-Cell™ technology that transforms odors and VOCs into harmless, odorless water vapor and carbon dioxide. The Trio is one of the most effective air purifiers on the market.

Restaurants

Classrooms

Beauty Salons

Gyms

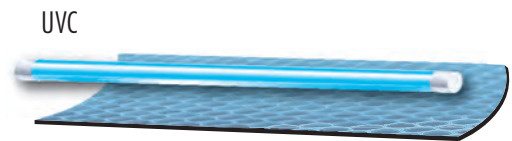

Doctors' offices

**Does Not
Produce Ozone**

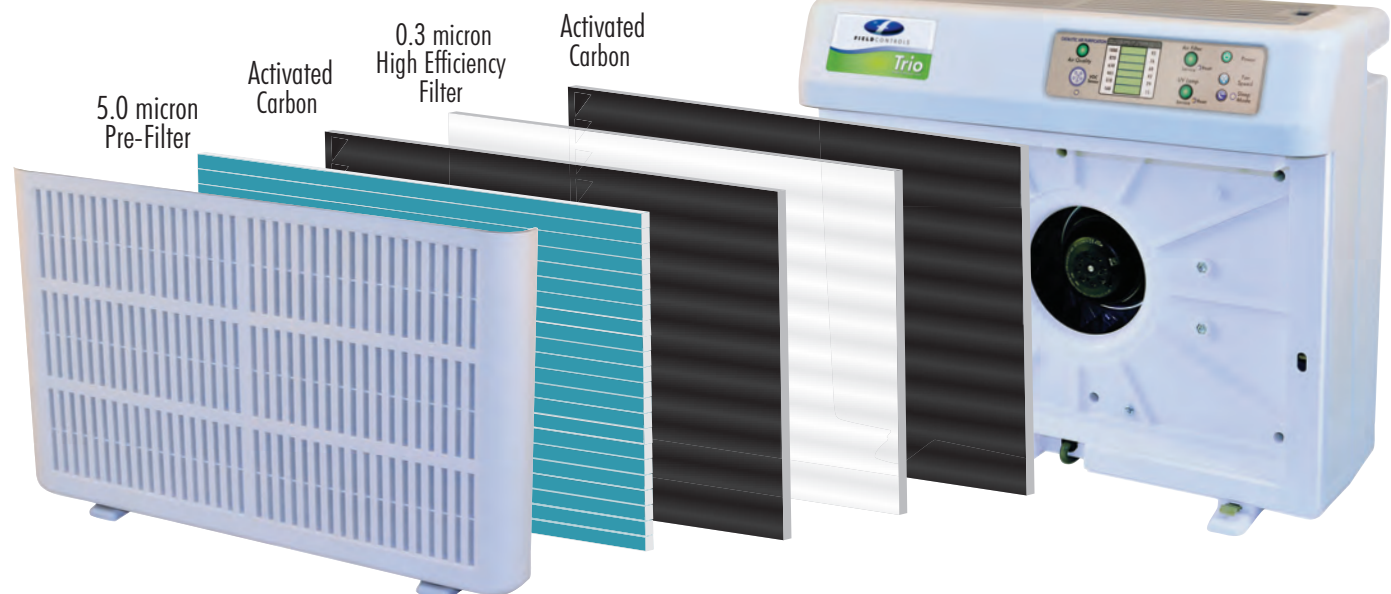

The TRIO is ozone free meeting CA and NY state non-ozone requirements for added peace of mind.

UVC

Patented PRO-Cell™ Technology

VOC Sensor

TRIO can clean the air in a room up to 1500 square feet in one hour and 750 square feet in 30 minutes.
